01 May 2020

Dear Parents/Carers

The school is remaining closed for the majority of our students although arrangements are being made for individual students to access provision at school. We are continuing to support students and their families in their own homes in order for social distancing guidelines set out by the government to continue to be maintained.

The above action has been decided after very careful consideration and risk assessment. We need to follow government guidelines to enable our students and staff to remain safe at this very difficult time

We are still at a very delicate and dangerous stage of the pandemic and wherever possible the safest place for your child is at home.

The situation will remain under review for any extension of these services and the completion of risk assessments.

I would like to take this opportunity to thank you all for your continued support during this time and I hope that you are all keeping safe and well.

We have received some lovely photos of the vast variety of activities that your young people have been doing. It is encouraging to see that you have been accessing the remote learning that we have been posting on the website and keeping in contact with the class teachers is very important at this time, we are here to help and support as much as is feasibility possible.

I hope you have all seen the video that our music therapist, Laura has posted on our website of the staff singing!

Please continue to keep safe and take care.

Yours sincerely

Wendy Killilea
Head of School
