

12th March 2021

NEWSLETTER NO. 1

Dear Parents/ Carers,

First School Week Back - Thank you to everyone who has made this week go so smoothly. We have welcomed back most of our children, hopefully the other children who are currently shielding, will join us soon. All of those who have returned look very happy to be back, as we are to have them.

School Dinners – Next week, the kitchen will be on rotation 2 of the winter menu. There is a copy of this on the website for you to peruse. Just a little taster, Quorn Curry, Beef Lasagne, Chicken and Vegetable Pie, Vegetable pasta and Battered Cod, not forgetting all the tasty desserts.

World Book day - Students were celebrating World Book day remotely on the 4th March 2021. See all the lovely work that the students produced at home and in school on our website, under the STUDENTS tab.

Comic Relief Day – On Friday, 19th March, we will celebrate Comic relief day. The students can wear something RED, or their own clothes. A donation of £1 is welcome.

School Grounds - I am very pleased to inform you that Jo our horticultural tutor has been working hard to plant the school grounds and they are starting to look very cheerful, with bright yellow daffodils everywhere. The children are already contributing to the displays, and enjoying being outside with one another.

Bikes – In lock down we have bought several various sizes of bikes for the children, some to ride on and some with no pedals to scoot, increasing the children's balance, enjoyment and sense of achievement.

Field Track – A soft-surface walking/ running track was added on the field during the February half-term. The students have been enjoying walking various distances around the track, with a few classes in competition on completing the furthest distance during the day (8 laps = 1 mile)

Parking A reminder please can parents/carers be respectful of our neighbours and the yellow lines outside the school gates. They are put there to protect our children.
