

25th June 2021

NEWSLETTER NO. 12

Dear Parents/ Carers,

School Dinners – The kitchen will be on rotation 1 of the Summer Menu, which includes Pizza, Macaroni cheese, Spaghetti Bolognese and Vegetable Samosas with fresh fruit platter and yoghurt desserts. The full menu can be found on St. John's school website.

Sun Protection – Please be mindful that the weather is changeable and to still apply sunscreen to your child prior to school.

Medication – Just a quick reminder, if your child is prescribed antibiotics we are only allowed to administer a dose if the prescription is for 4 times per day. In this instance medication would need to be sent into the school office in the original packaging with the dose and time of day clearly stated on the original packaging. Unfortunately, we will **not** administer any non-prescription medication, even for hay fever or pain relief. I understand that there is a very high pollen count at the moment and it can be very uncomfortable, however, please administer this medication prior to school. Thank you for your co-operation.

School Holidays - Please be aware of the Governments restrictions and the need to isolate if you are going abroad this summer. A country could be in one zone i.e. Green one day and changed to Red as infections rise there. Please also be mindful of the need to isolate prior to returning to school in September. We want to keep all our community safe and well.

Reports – We are fast approaching the end of this term and your child's report will be sent out shortly, if you want to speak with the class teacher, please can you make an appointment through the school office.

Clothes Bank – We are still collecting all your unwanted garments, belts, handbags etc. These will shortly be collected and recycled to obtain funds for the school and benefit other Charities that require secondhand clothes for people in need. Remember us next time family and friends want to clear out. Thank you for your support.

Birthdays this week Congratulations – Bobby
